Bpoint

If your Parish has Bpoint Direct Debit (Back Office), then the Parish should be obtaining authority from Parishioners to debit their Master or Visa branded cards on a monthly basis. If your Parish needs an authority template, please contact the CDF. There is no ongoing cost to the Parish for this service.

Bpoint Checkout

If your Parish has Bpoint Checkout, (payment button on the Parish website), then your Parish should be encouraging Parishioners to donate directly using the 'Support Us' or 'Make a Payment or Donation' button on the Parish website. Additionally if your Parish has Bpoint Checkout, did you know that you can use the URL of your payment page to generate a QR code that may be printed or emailed to your Parishioners so that they can be easily guided to your Bpoint payment page?

You can Google 'QR Code Generator' and create your own QR code which can be saved and used in communications with your Parishioners which will easily lead your Parishioners/donors to your Bpoint Payment page using the camera on a mobile phone. Easy instructions on how to generate/create a QR code are located on the Sydney CDF website on the Products & Services > Merchant Facilities page. There is no ongoing cost to the Parish for this service.

Commbank Smart Donation Terminal

This terminal allows Parishioners to tap a donation or payment using their Master or Visacard. This terminal comes with a Donation App designed especially by the Commbank for the Catholic Church along with a choice of stands. The App allows the Parish to set 3 pre-set amounts plus there is also an 'Other Amount' button allowing the donor to make a donation amount of their own choosing. The terminal does not need Wi-Fi and there is no cost to the Parish for the Terminal, stand or merchant fees.
